

**We cook it. You finish it.  
Dinner, sorted.**

**CRAIG'S  
TABLE**

*Beautifully prepared. Finished with ease.*

# Thoughtful food. Calmly finished, wherever you are.

Craig's Table is a hospitality release from Craig's — thoughtfully composed and prepared in our kitchen, ready to be gently finished in yours.

Whether you're at home, away for the weekend, or gathering somewhere special, each edition is designed to be shared without the effort of starting from scratch.

Curated using regional produce and slow, considered preparation, it's made for evenings when you want something special — without turning your kitchen into a production.

Fully prepared meals, vacuum-sealed — simply warm, serve, and enjoy. Our One Pot Finish philosophy keeps it simple.

No rush. No complexity. Just a beautifully prepared meal, ready when you are.

Each release is intentionally limited and seasonally composed — perfect for relaxed entertaining, special occasions, or a memorable night, wherever it happens.

# This is not dinner. This is an occasion.

Craig's Table is designed to be something you plan -  
a meal prepared for you, finished at home, and shared properly.

Not every meal should be last-minute.

Some are set aside.  
A table you prepare.  
Time you don't rush.

Craig's Table isn't takeaway.  
It's not a meal kit.

It's a complete dining experience -  
prepared in our kitchen, ready for you to finish and serve.
